

Colloidal Silver (Item #2500) To Enhance Your Body's Immune Response

Why Colloidal Silver?

Colloidal silver is considered to be the most universal and nature's own antibiotic. It may kill bacteria, virus, fungus and more. Colloidal Silver can boost your Immune response, and may reduce susceptibility to colds and other virus and bacteria. Taking Colloidal Silver before going into crowded places, getting on an airplane, going into a hospital or when you feel something coming on may help boost your immune response.

Colloidal Silver -500 may be taken internally as a dietary supplement to enhance the function of the immune system. It may also be used topically. Universal Formulas' Colloidal Silver 500 is concentrated in order to achieve an effective level in vivo (in the body).

Dosage: Take 20 drops diluted in 8 ounces of water daily or as directed by a qualified health professional. **MUST BE DILUTED** in Juice or Water.

Ingredients Explained

Colloidal silver is a suspension of tiny silver particles in water; a solid dispersed throughout a liquid base in this manner is known in chemistry as a colloid.

Colloidal Silver is a harmless chemical preparation, not a drug. This preparation is NON-TOXIC when used as directed. Always seek advice from your health care professional before using this product.

Universal Formulas' Colloidal Silver-500 is a potency which is 50 times more powerful than 10 ppm.
