

## Acne Protocol (Item #7038)

A Healthy and Effective Acne Decreasing Protocol

---

### Products included in this Wellness Protocol are:

- ① pH Oxy Plus (2433) – Oxygenating Formulation
- ① Quint-Essence (6111) – Whole Food Meal Enhancement Supplement
- ① Tracite (2031) – 77 Essential Elemental Fulvic Trace Minerals
- ① ChemTX (4001) – Chemical Detox

### Protocol Overview

Acne develops as a result of blockages in follicles (pores) and most commonly affects skin with the densest population of sebaceous follicles; these areas include the face, the upper part of the chest, and the back. Causes of acne may include hormonal, genetic, psychological, or dietary origins, although individual afflictions may be brought on by a complex mix of many of these factors.

This Wellness Protocol brings together the traditional herbs and compounds of our individual formulations to enhance nutritional support in order to decrease and/or eliminate appearance of facial and bodily blemishes. This provides cleansing from petrochemicals in the body, as well as providing enhanced nutritional support.

**pH Oxy Plus** is a highly alkalizing formula created to release oxygen molecules for easy absorption into the body. The formula produces a wealth of energetic dissolved oxygen to be immediately absorbed into the bloodstream, which acts as an "oxidizer" of to destroy viruses, bacteria and protozoa.

**Quint-Essence** is added to this Wellness Protocol to oxidize the body and support its immune response, in addition to processing nutrients. This complete, unique blend of ingredients naturally provides the building blocks for healthy cells, providing such advantages as clearer skin, increased energy, better digestion, and enhanced immune response.

**Tracite** is an iron-based, plant-derived, trace mineral composition rich in chromium, vanadium and selenium. It is also rich in macro-minerals, trace minerals, trace elements and fulvic acid. It is added to this Wellness Protocol for its ability to naturally detoxify the human body, balance hormones and the body's pH, and for its capacity to beautify the skin, hair, and nails.

**Chem-TX** is a unique formula that aids the body in the elimination of toxins, especially those of petrochemical origin. It is also helpful in the treatment of diseases, including: skin ailments, asthma, arthritis, gastritis, dysentery, tumors, urinary tract inflammation, female hormonal imbalances and acts as a blood purifier. The herbs in this formula will aid in detoxifying the blood, which is a much needed effect in most acne patients. This product has also been added to the Acne Protocol for its ability to suppress the body's production of inflammation producing substances. The alkaloids in cat's claw strengthen the immune system and also improve circulation.

Note: Additional information for the above products is included in the subsequent datasheets.

## **Dosage Recommendations:**

**pH Oxy Plus:** Please follow product instructions  
**Quint-Essence:** 1 vegi-capsule for every 60-75 pounds of body weight at meals
