### **Protocol Overview**

Inflammation is thought to be the underlying issue causing many diseases in our society. Inflammation causes the body to quickly absorb vitamins and minerals, which can leave one feeling fatigued and with a lower immune response. This Wellness Protocol brings together the traditional herbs, vitamins and minerals of our individual formulations to reduce the symptoms of Inflammation in the body.

**InflammEX** aids in the soothing of the nerve sheaths, muscles, tendons, ligament tissues, bowel tissues and stomach tissues. This calming effect helps to reduce symptoms and pain. InflammEX also increases blood circulation to the organs most affected by the disease.

**Quint-Essence** is a whole-foods, plant derived combination of vitamins, minerals, probiotics and super greens. Taking this product will help your immune system stay strong and help you to feel energized and healthy!

**Vitamin C** also known as ascorbic acid, helps to strengthen the immune system and has been proven reduce inflammation. Vitamin C helps to flush toxins and chemicals from the body which in turn helps to reduce inflammation. It also protects the body from free-radical cells and improves healthy cell function.

**Micronized Cal/Mag in a 1:1 Ratio** is a multi-form plant derived source of Calcium and Magnesium. Both Calcium and Magnesium are vital bone and muscle minerals that can help with the pain associated with inflammation.

Note: Additional information for the above products is included in the subsequent datasheets.
